Clementines are Back in Action

Murphy Marine Services, Inc. (MMS) discharged its first fresh clementines on November 4th from the MV GREEN ITALIA vessel from Morocco for exporter and valued customer Fresh Fruit Moroc (FFM), a cooperative of Moroccan citrus fruit growers and exporters. As the season usually runs from November to March, we expect a normal import volume compared to prior years with 10-12 vessels calling the Port of Wilmington.

Discharge of Clementines from the MV GREEN ITALIA into the Port of Wilmington

Safety Leadership and Accident and Incident Investigation Training

On October 26th, 27th and 28th, team members of Murphy Marine Services, Inc., (MMS) Inc. and other various companies attended a Safety Leadership and Accident and Incident Investigation training hosted by Signal Mutual Indemnity Association Ltd. The training was held at the Embassy Suites Philadelphia Airport and provided by Signal Safety Managers John Belcher and Ron Allen.

The purpose of the training was to further educate team members and provide them with the tools necessary to have an effective accident and incident investigation process in place to identify root causes, define corrective actions, eliminate hazards and prevent similar recurrence.

The accident and incident investigation presentation included:

- Laying the ground work and securing the scene
- Collecting the facts
- Post accident interview process
- Determining the root cause

Safety Leadership (continued)

- Controls and recommendations
- Accident/Incident report writing.

The course concluded with a video of an accident scene showing events and details leading up to it and team members were given the opportunity to interactively apply the knowledge and tools learned to investigate and determine the contributing factors and root cause.

MMS Welcomes New Team Members - William Allison and Tim Creedon

Please join Murphy Marine Services, Inc. (MMS) in officially welcoming their newest team members, William Allison and Tim Creedon.

William Allison, hired August 29th, joined the MMS Team as Mechanic/Maintenance and will be responsible for fleet vehicle repair to ensure all vehicles are safe and ready for use on day-to-day jobs. Prior to working at MMS, Will was a Manager/Mechanic at Meineke Car Care Center. His educational background includes a Pennco Tech Automotive Technology Certificate.

Will grew up in Erial, New Jersey and currently resides in Newark, Delaware. In his spare time, he enjoys riding his motorcycle and his major life dream would be to tour the world on a motorcycle.

Tim Creedon, hired September 26th, joined the MMS Team as Ship Superintendent and will be responsible for the safe and efficient discharge and loading of cargoes. Prior to working at MMS, Tim was a Warehouse Operations Manager with Gloucester Terminals. He went to East Stroudsburg University of Pennsylvania where he earned a Bachelor's Degree in Business Management.

Tim was born and raised in Northeast Philadelphia and currently resides in Washington Township, New Jersey. In his spare time, Tim loves going down to the shore and his major life dream is to one day be the Manager of Operations on the waterfront/produce warehouse industry.

Again, we welcome Will and Tim to our team and wish them much success!

Will Allison, Mechanic/Maintenance

Tim Creedon, Ship Superintendent
